we deliver

With their fiery tribal energy and hypnotic arrangements Mantra Tribe rocks the traditional Sanskrit Mantras. This is the wild side of Bhakti! Hot **tribal beats, spiced with pop, rock, electro and more:** Mantra Tribe welcomes you to release your animal, and experience the full spectrum of shamanic trance, made entirely by human hand & mouth!

who

The forefront of the band are two female voices that magically complement each other: **Floramor** (the beast) and **Jasmin Aynacioglu** (the beauty) celebrating the depth of the mantras with unmistakable devotion. The fire is truly created by male energies: a virtuoso didgeridoo by **Marc Miethe** (one of the first didgeridoo musicians in Germany since 1992), organically working with irrepressible, fire-cracking drums guarantee the ecstasy to the last drop of sweat.....

Mantra Tribe has been touring since 2016 as main act through festivals such as Everness (HU), Folklorum, Xperience, Sziget (HU), Pacha Mama (CH), Spirit of Nature, Wudzdog Open Air, Om am See, Yoga Love, Waldhealing, Yoga Sound and Sea, Kula Yoga (LUX), Namaste am Ammersee, Ananda Spirit, Cat & Cow, Yogafestival Bodensee, Lucid, Liebeskunst Festival, Yoga Conference Linz (AT), Yoga.Tage Kufsteinerland (AT) and many many more.

Discography

Sha**MANTR**ance (album 2017)

First album is widely celebrated.

Ancient Indian mantras marry wild, tribal beats (didgeridoo, drums) for the first time. A new musical genre is born.

*"Kali's wild howling is our energetical meal.
Holy Mantras are our wings.
Didgeridoo and rocking drums are our fuel.
Meditation is our root."*

entranced (album 2019)

The Indian Goddess Lakshmi comes as a disco-diva. Shiva and Kali open the doors into the shamanic trance, tribal beats and wild pogo punk! Welcome back at the intoxicating ecstatic journey! Mantra Tribe have stepped up their game: the new album sparkles with a variety of playfully woven elements, presenting the band's next level achievement.

ALL BOOM (album 2021)

Sophisticated compositions, unexpectedly fresh retro sounds and newly shining mantras are glimmeringly united again. Lord Krishna and Hanuman are also now honored alongside Shiva, Ganesha and Kali. Two songs have been recalibrated and are on board as perfected updates.
